

PORT37 • VENUE HIRE KIT

OUR ROOM IS YOURS

An artist-run creative space in Tanjong Pagar Distripark — open for hire.

WHAT YOU'RE WALKING INTO

If you make things in Singapore, you already know the hardest part isn't the idea — it's finding somewhere to do it. Somewhere you can afford, somewhere you're allowed to make noise, run late, and fill with people.

We built PORT37 because we needed that room too. It's an artist-run space in Tanjong Pagar Distripark — acoustically treated, kitted out, and kept affordable on purpose, for the people keeping this scene alive. The boring, expensive stuff is handled. Bring your idea and we'll help you pull it off.

BRAND OR CORPORATE EVENT?

That's a different kind of booking — see the next page.

ON FLEXIBILITY

Need to load in early or run a little over? Usually fine if nothing's booked right after you. Tell us what you're hoping for and we'll make it work where we can.

FOR BRANDS & COMMERCIAL EVENTS

EXP Studio runs PORT37 — a space we designed and built inside the Tanjong Pagar Distripark arts cluster: raw concrete, a shipping-container core, harbour light, a room that resets for a performance, a screening, a long dinner or an installation.

We programme and produce our own arts events here, so we can design yours around an idea rather than just hand over the room — the format, the technical, livestream, the content afterward, or any part of it. One team, one contract.

GOOD TO KNOW

A few things, so we're on the same page:

- We'll have the space clean and ready for you; all we ask is you leave it tidy for the next crew. Don't want to deal with cleanup? We'll handle it for \$100 — just tell us ahead.
- A deposit holds your date; the balance is due by the day of.
- If something gets damaged, we'll talk it through. We're reasonable.
- Any permits or licensing your event needs are the organiser's to arrange — we'll point you the right way, but the application is yours.
